Re: Support for the City of Oakland's TIGER III Grant Application

Dear Secretary LaHood:

I am pleased to submit this letter of support for the City of Oakland's TIGER III grant application to convert the decaying former Oakland Army Base into a thriving Trade and Logistics Center.

It has been more than 10 years since the Oakland Army Base was decommissioned and is way past due for economic redevelopment. There is a solid team and master plan in place to secure the private and public resources needed to install new infrastructure and prepare the site for commercial development. The TIGER III grant application has the potential to trigger the alignment of more than \$400,000,000 in local, state, federal and private funds to develop over 300 acres of prime property adjacent to the Port of Oakland.

With the potential of 3,000 jobs, enhanced intermodal capacity for the Port, substantial emissions reduction due to expanded use of rail, and substantially increasing the economic competitiveness of the Port are compelling. Thousands of construction and permanent job opportunities for a community experiencing an unemployment rate of 17% is exciting. Cleaning the air for the surrounding community and mitigating the decaying and wasteful infrastructure currently serving the site is essential. Tens of millions of dollars in contracting opportunities for Disadvantaged Business Enterprises will stimulate the economy of a city that is suffering from the recession impacting the State of California and nearly all local governmental agencies.

Alameda Labor Council, AFL-CIO

Our Labor Council has a long and proud tradition of community services to our members who have lost their jobs or face layoffs. In addition to providing immediate assistance our goals include long term work opportunities that create family-supporting jobs. This can happen with local government and community partners to support and make good policies that include: hiring local residents for union jobs in construction and warehouse logistics; supporting quality training programs that prepare residents for these jobs and has meaningful community enforcement of these standards.

Again, I am proud to convey my support for the Oakland Global Trade and Logistics project and the City's TIGER III application.

Sincerely,

A handwritten signature in black ink that reads "Josie Camacho". The signature is written in a cursive, flowing style.
